Class - Pre- step

Session - 2025 -26

*Wake up, Wake up! It's homework time, remember you promised to start by 9, I heard my mother uttering these lines, I think beginning the task on time keeps me alert, active & fine. Regular homework makes me shine.*

Edit with WPS Office

Dear Parents,

Vacations are a welcome break..... Break from fixed schedules, rules and regulations of the school. Freedom brings more responsibility, so keeping this in mind, we have planned most of the activities to keep our children engaged and also help them in channelizing their energy. Kindly help and guide your child in completing his/her work and also exploring his /her creative self.

Keep the given homework in a folder with clearly mentioning the name, class and section of your ward. It would be wonderful if the children themselves decorate the folder with their tiny hands.

### **HOW INDEPENDENT CAN I BECOME?**

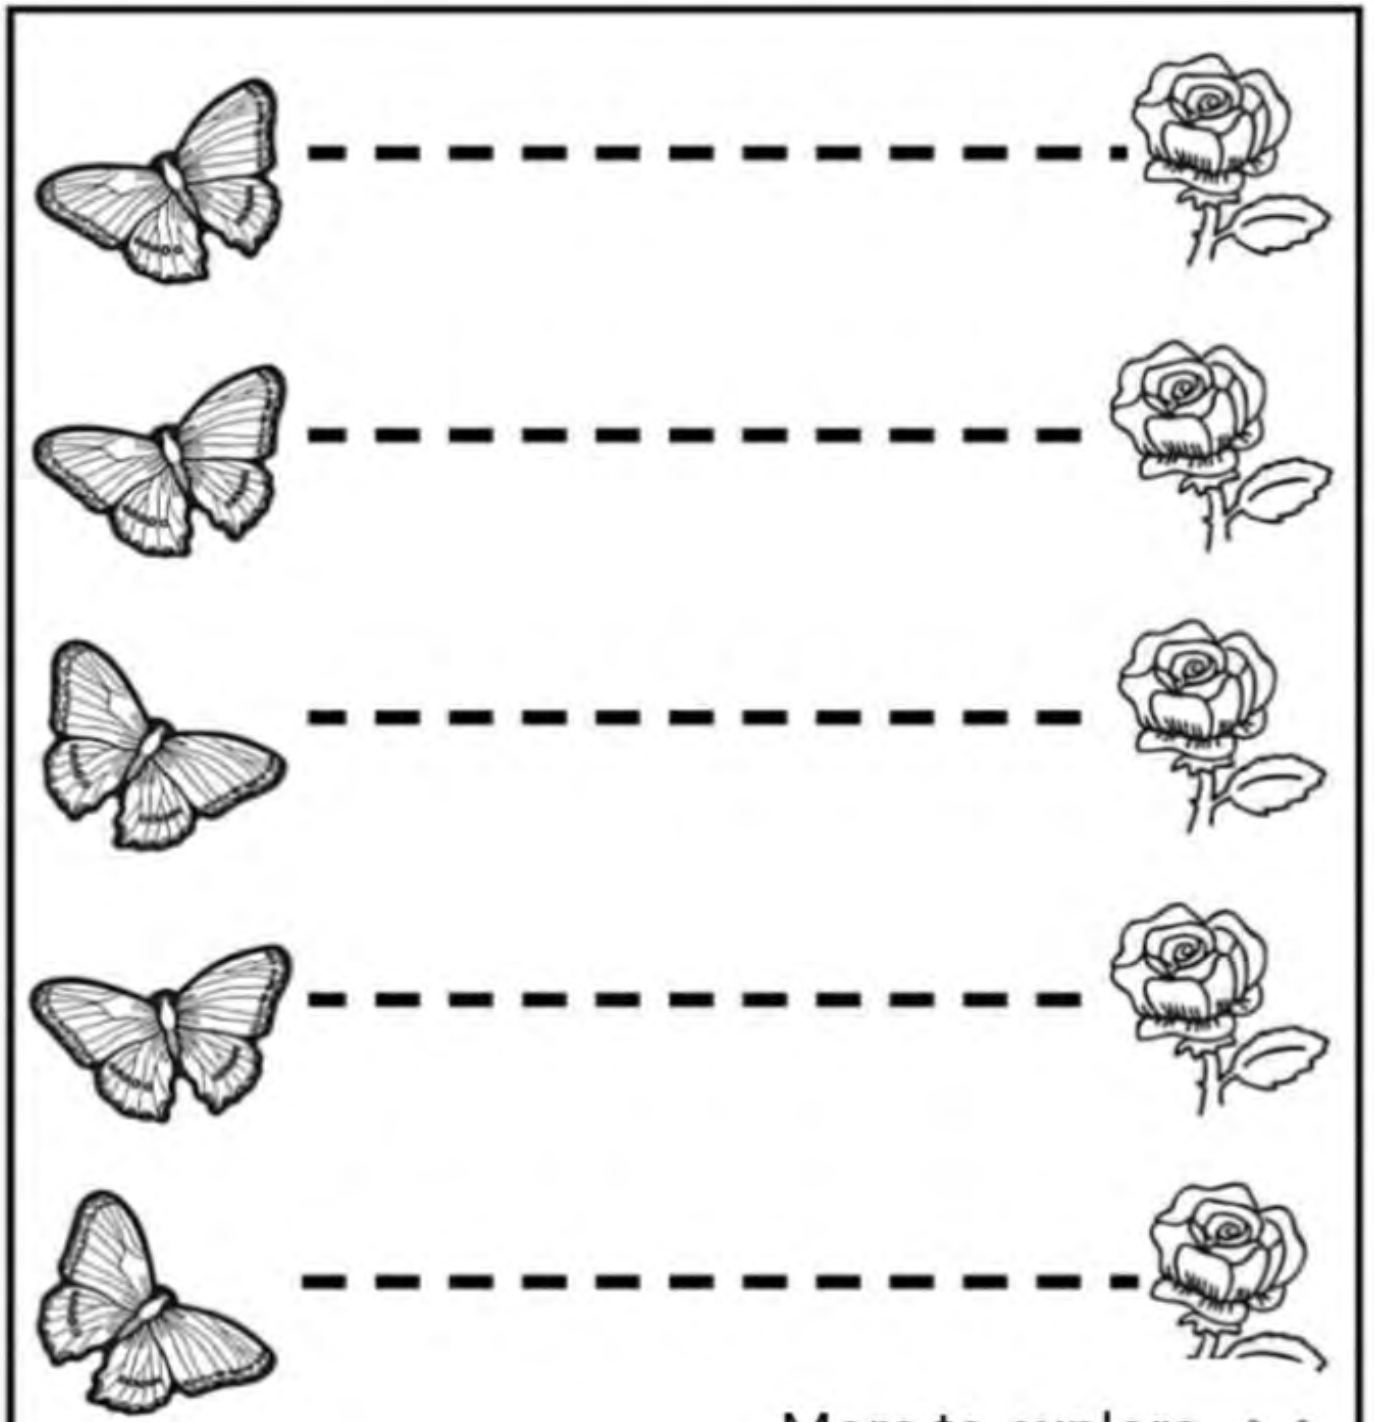

Make your child more independent by teaching him or her various activities like :-

- Buttoning and unbuttoning the shirt
- Laying the table
- Folding mats and clothes
- Arranging their toy shelf
- Learning to tie knots
- Reading a story
- Sorting and pairing household items.
- Peeling boiled potatoes

**Happy Summer Holidays!**

(Note- Do share your ward's pictures and videos with us while doing the above mentioned activities.)
